VINYL SYSTEMS Longevity

APPEARANCE

Whether you want to create a secluded space for entertaining and relaxing, add curb appeal and storybook charm to your home, or provide peace of mind by keeping children and animals safe, Longevity has a design that's right for you.

QUALITY

A superb fence made by experts in vinyl fabrication, backed by more than 30 years of experience in fencing. A Longevity Vinyl Fence combines the most stringent quality standards with the most innovative com-

pounds to give you a lifetime of enjoyment. We stand behind every product we sell.

DURABILITY AND PERFORMANCE

Every Longevity Vinyl Fence combines appealing style with durability... to keep your fence looking beautiful for years to come.

LONGEVITY VINYL WARRANTY*

You can protect your property with a Longevity fence... we'll protect your fence with our transferable limited lifetime warranty* against peeling, flaking, corroding, rotting, rusting and termite infestation. We offer one of the strongest warranties in the industry!

**Enhance Your
Peace of Mind**

PRIVACY

When privacy is of utmost concern, look to Longevity Vinyl as a solution. Our privacy fences feature an aluminum reinforced bottom rail with tongue-and-groove pickets. There are no brackets or glue in our systems which allows the product to rack up and down reasonable terrains. When using a professional grade product, such as "Longevity Vinyl", there is no requirement to utilize wood stiffeners in any of the fence posts. This not only decreases the installation cost, it increases the customers "Peace of Mind."

Privacy

"Whether playing with the kids or just relaxing in the backyard, rest easy knowing you'll be safe and secure year after year."

SEMI-PRIVACY

The Semi-Privacy fence offers the benefits of a privacy fence with the ability to allow air to flow through the fence. The spacing between the pickets is only one-half inch. This style is a very popular fence to accent a pool.

6" Semi-Privacy offers a similar look as a privacy fence. It comes standard with $\frac{1}{2}$ " spacing between the 6" pickets. Available with a 6" or 3" picket. All Longevity Vinyl panels have an aluminum channel in the bottom rail for unmatched strength.

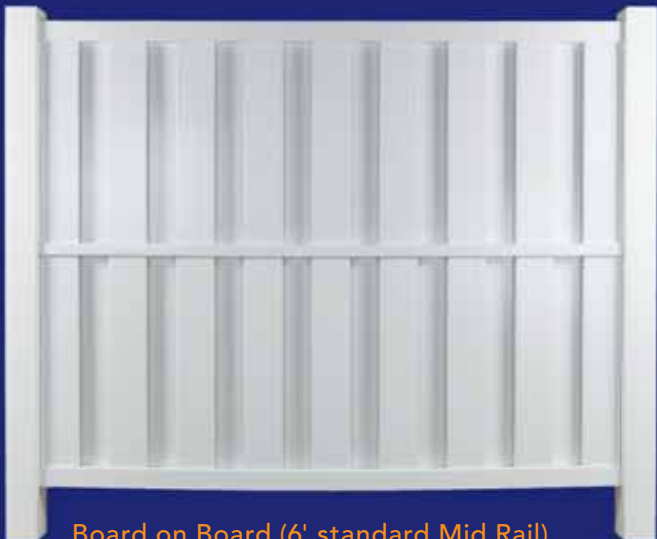

Board on Board offers complete privacy yet allows air flow. This style uses a $3\frac{1}{4}$ " rail to strengthen this style.

PICKET

For style reminiscent of old cedar picket fences – without the maintenance – our Classic picket styles features 1½" square spindles, our Contemporary picket styles feature a 3" picket with wider spacing for a contemporary look. The pickets are assembled through the rails, creating a "good neighbor" fence that's equally attractive on both sides. All picket fences have a reinforced bottom rail.

The contemporary picket style will accent any home with a 3" wide picket and an option to use a 1½" wide picket. The 3" contemporary style also has an option of a more flat style picket cap called "Dog Ear" or a more pointed cap called "Spade."

RANCH RAIL

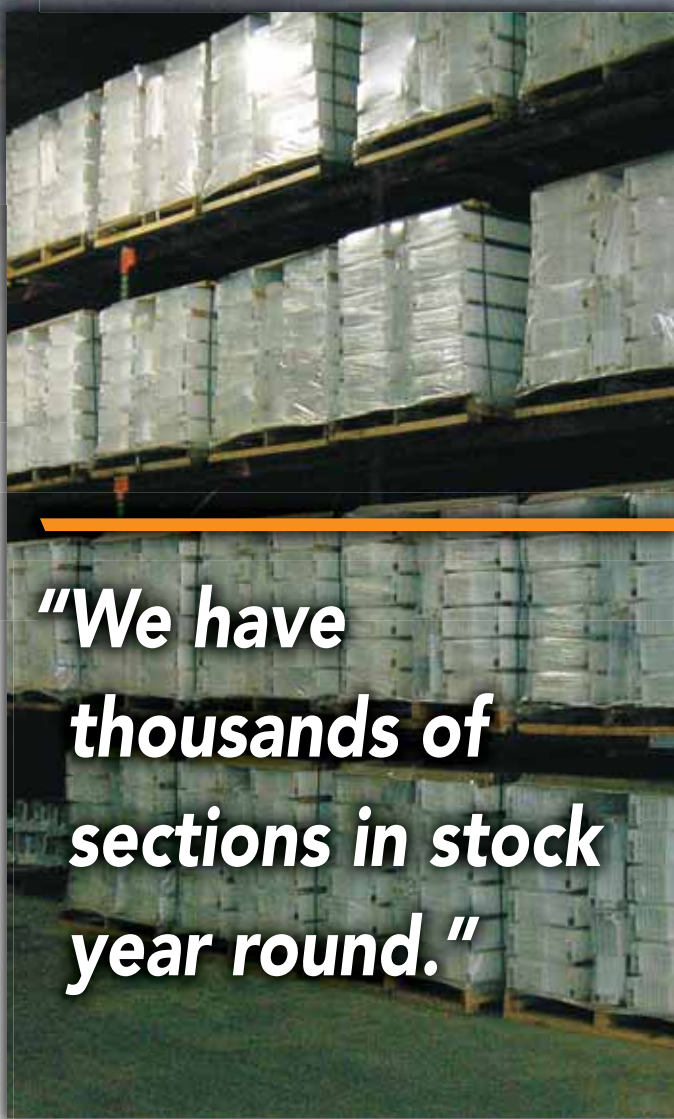

Our ranch rail enhances the appearance of your property line without limiting visibility beyond. The perfect fence to surround farms, ranches, estates and stables. Longevity Vinyl is maintenance free and will not decay over many years of enjoyment.

LONGEVITY VINYL

Longevity Vinyl has three vinyl fabrication facilities along with reload centers across the country. All of our products have the strongest warranty* in the industry. All of our products meet or exceed ASTM standards.

The products are packaged to minimize any damage during transit, yet maximize efficiency by leaving little waste from the packaging media. Our individually packaged sections make stocking this product easy, while keeping the product clean until it is ready to install.
